

REACH / ECHA Statement of Compliance

Bray International, Inc. is committed to safe and environmentally friendly products that are compliant with the REACH Regulation (Registration, Evaluation, Authorization and Restriction of Chemicals). This document declares Bray International, Inc. compliance with these directives.

The EU regulation EC 1907/2006 which covers the Registration, Evaluation, Authorization and Restriction of Chemical substances became effective on June 1, 2007. The purpose of this legislation is to ensure human and environmental health by regulating Substances of Very High Concern (SVHC). These substances are listed in the REACH legislation which can be read here:

<http://echa.europa.eu/web/guest/regulations/reach/>

Bray International, Inc. is a downstream user of any products manufactured using any SVHC substances. None of the end products Bray produces and distributes to our customers contain any SVHC substances in concentrations above the minimums contained in the legislation, nor do we import any quantities of SVHC substances into the EU above the 1000kg minimum. No Bray products contain chemical substances or raw materials requiring registration in any form.

Because of this, Bray International, Inc. is not required under REACH to distribute Safety Data Sheet's or Exposure Scenarios to our end users. Bray International, Inc. will continue to monitor suppliers for any changes and will inform customers according to the REACH legislation.

Bray International, Inc.
