

## WEEE Statement of Compliance

Bray International, Inc. is committed to safe and environmentally friendly products that are compliant with the WEEE Directive (Waste Electrical and Electronic Equipment). This document declares Bray International, Inc. compliance with these directives.

Bray International, Inc. complies with Directive 2012/19/EU on waste electrical and electronic equipment (WEEE). All Bray electronic components are designed for the intended use of a “fixed industrial installation” in combination with other components and are not placed on the market as a single functional or commercial unit, as defined in the Commission F.A.Q.s document found here:

[http://ec.europa.eu/environment/waste/pdf/faq\\_weee.pdf](http://ec.europa.eu/environment/waste/pdf/faq_weee.pdf)

Examples of fixed installations would be petro-chemical processing, pharmaceutical, material handling, power generation, water treatment, paper manufacturing, etc., which comprise the primary market of Bray International, Inc.

By this determination, Bray EEE components are outside the scope of the WEEE directive. However, Bray International, Inc. encourages and supports the use of any available, appropriate take-back systems for disposal of its EEE.
